

History Statement of Intent

During their time at Georgian Gardens we want children to develop an enquiring mind and build an understanding of chronology in order to put their own personal history into context. They will develop their investigative and research skills to build a true and accurate picture of human behaviour, culture and society.

Knowledge

- Chronology of events starting with their own experience and moving into local, then world events
- To know about main world events and their impact on history
- People who have change the course of history – actions and impact
- To know the dates of main historical events
- To know the correct terminology for periods of history and sources

Skills

- To make comparisons between periods of time and their own
- Be able to use the correct terminology
- To be able to correctly use sources to learn about a period of time
- To question what they see or hear
- To present findings and explain their views
