

From Field to Fork.

Year 3

Summer Term 2022

Rationale for Learning

This term's learning focuses are based around the story of food and farming.

How our food gets from the land to our plates. It evolves to how we also get our food from the sea.

Suggested activities for families to help support learning

Practise telling the time on both the analogue and digital clock.

Continue to practise times tables, and start learning to multiply larger numbers using the grid method.

Cook simple meals with your child and encourage them to discuss where it came from.

Continue to enjoy reading and taking quizzes.

If you enjoy gardening, please come and help us with ours!

Key Vocabulary:

Keep practising the year 3 spelling list. Talk about the spelling and meaning of the words dairy, pasteurized, nutrients, carbohydrates, proteins, vitamins, minerals, raw & cooked.

Reminders

Please ensure that your child has outdoor and indoor PE kit in school EVERY DAY, we often have opportunities to participate in lessons by visiting experts. There is no need to send your child into school wearing kit, they will change in school.

Year 3 Summer 2021

From Field to Fork.

Mathematics

Subtraction using decomposition.

Looking at multiplication and division as the inverse operation.

Multiplying using the grid method.

Data Handling. (through science)

Lines & Angles
