

Science at Georgian Gardens Primary School

During their time at Georgian Gardens children will develop their enquiring minds in order to be able to have an understanding of how the world works. They will be analytical and inquisitive through experiments and research using resources. They will be inspired by learning about famous scientists and their impact on the world.

Knowledge

Children of Georgian Gardens will

- Understand how the world around us works.
- How to safely use equipment.
- What a fair test is.

Skills

Children will develop a variety of skills including

- The ability to ask good questions
- Being able to solve problems
- Carrying out experiments fairly
- Showing results appropriately and interpreting them
